

Sabal Bharat Program is working on employment, scholarship, permanent housing and sports encouragement in India. Our *District Coordinator, Shakti Singh from Rajasthan, Barmer* will now work under this scheme as a change agent and will help students in Dhanua block, Barmer to avail several scholarship schemes.

The program aims to educate, enable, strengthen, empower and enrich the young generation of the country. There are a large number of students in the country, who are talented and get admission in renowned educational institutions, but they are not able to afford the studies.

'Scholarship Program' under Sambal Bharat works for such students. In Sabhal Scholarship Program, students are given a year's fee for the preferred course in the education institution of their choice and funds for the study materials are also provided. Candidates can participate in 'Scholarship Program', which seeks admission in class 10, 11 and 12, any degree course or any diploma course. There is no minimum age limit for applying in the program, the maximum age limit is 45 years.

All Degree and Diploma Courses are included in the program. Under the 'Scholarship Program', Shri Govind Singh Gurjar Charitable Trust has contracted with 200+ renowned companies for skill development and employment promotion. Candidates selected in the scholarship program will be informed about employment opportunities after they complete their academics.

There is no compulsion for the selection of the educational institution and course to the candidates participating in 'Scholarship Program'. The student can choose the educational institution of their choice. Although it must be recognized by the government.

Shakti Singh, is helping SoochnaPreneurs in Barmer, Rajasthan to get affiliated with the scheme and promote the scholarship schemes in their respective blocks. As per the scheme, after enrolling 200 students under different scholarship schemes the change gent will earn a reward of Rs 8000.
