

Ranchi Visit Report

05-04-2018

- After arrival at Ranchi in the 1st half, Arpana and I visited Birsa Agriculture University to meet Dr. B.K.Jha, regarding the discussion on agricultural base schemes.
- Thereafter, both of us went to meet the Secretary of Water and Sanitation Department twice but, unfortunately, he was he was not available for further discussion.
- After completion of the meeting we came back to the hotel and called all the SP candidates to review the work done and also asked them to upload the pending data,
- Out of twenty candidates, 14 were present and 6 were absent due to their personal commitments.

06-04-2018

- On this particular day, we visited three Blocks Itki, Bero, and Burmu. We met all the SP-II candidates and told them to focus both at ground level and documentation. Further instructions were given to them regarding the work:
 1. To link the schemes with MeraApp.
 2. To complete all the Registrations.
 3. To register schemes each working day.

07-04-2018

- Last day of the visit was fixed for Sonahatu and Angara Blocks respectively and after the meeting, Arpana, Anuragini and I had a discussion regarding the shortcomings, irregularities, need and legal requirements.
- During these meetings we came to know that SP II of Angara Block was digitally weaker than others hence, Anuragini will help them collectively at least ten days.
- We will provide ODK training to both SP I and SP-II candidates for Panchayat Survey
- We selected one more capable and digitally literate SP II candidate from each Block to look after other SPs and told them to consult SSKs for further guidance.

During this visit, we found few candidates of SP I have not completed their data uploading work-

[1] Sachindra Kumar and Deepak Mahto- 250

[2] Ravi Farnandis- 150

[3] Subodh- 30

[4] Tausif- 50

[5] Mazrul- 50
